Past or current experience:

I have been a patient of Dr. Jang's since he opened his practice in Liverpool, NY. I have had regular cleanings with his Dental Hygienist and am currently in the process of having a third crown put in by Dr. Jang. I find his work is meticulous, and he is always concerned about the comfort of his patients.

Everyone in the office is helpful and pleasant. His receptionist, assistants, and dental hygienist all strive to make your appointment as pleasant and easy as possible.

What would you say to a friend or family member curious about Dr. Jang?:

I would highly recommend Dr. Jang to anyone who asked for the reasons mentioned above. In fact, I have recommended him to two of my friends.
